WOMEN WILL LIKE IT.

Perfectly Bight That Women Should Regard . A Their Comp exion.

## And This Is So Much Better and Such An Excellent: Vay.

We believe it perfectly right that women should regard their complexion. Nothing makes them more beautiful. We take pleasure, therefore, in jublishing the following letter to wonen written by that most popular and by iliant newspaper correspondent, Miss J. Holland, of 39 West 26th St., New York City. Miss Holland is a noted and gifted writer, and her regular communications in the Nriv York Finels, New York Recorder, New York Recorder, New York Times, Home Journal, Cleveland Tribine, and other papers and magazines, will be remembered most plensanaly. She writes for our paper as follows:

"So many friends ask how it is that I am always in such good health and spirite, and was a complexior that requires no cosmetics, I would like to state for the benefit of many besider friends that I own it all to Dr. Greene's Nervura blood and cerve re nedy.

"Several years ago a severe illness left."

perve renedy.

"Several years ago a severe illness left me with so little vitality the doctors said I might linger for a time but would pever

recover.

"I then began taking Dr. Greene's Nervura blood and nerve remedy. In a week,
much to the surprise of all, I was much
hetter, and in a month I was out shepping
and going into society again.

"I then took several bottles of this medleine and after taking them my constitution was so thoroughly tuilt up, although
I have since passed through severe mental
strains from the loss of dear ones, by
death, I have never been sick since.

Whenever I begin to feel over-taxed, mentally or physically. I take this remedy, and so keep in perfect health and spirits, a I find it makes the sk n soft and wonderfully improves the complexion. It interests the supported and preaceful sleep.

"This testimony is gratefully and willingly given in the hores hat it will tenevit others. I will gladly communicate with those desiring it, substantiating this."

this."

Now leaving aside the substitute of good health, strength and spirits, how much better it is for women to keep their complexion pure and clear, their cheeks plump and rosy, and their eyes bright by the use of this woneerful vitalizer and invigorator for blood and nerves. Dr. Greene's Nervura blood and nerve remedy!

The testingens of the nearlies of women. The testimony of theusands of women corroborates the words of Miss Holland. All druggists keep this remedy for 81, and it is purely vegetable and harmless. it is purely vegetable and harmless. In fact, Dr. Greene's Nervura blood and nerve remedy is the piescription and discovery of a physician, Dr. Greene, of 31 Temple Place, Joston, Mass., the successful specialist in curing all forms of nervous and chronic diseases. He can be consulted in any case free of charge, personally or by letter.

MERIDEN, Coan, Feb. 6. Detectives from Brooklyn have been here for a week past, in search of George Mil er, or Abbeley, changed with the morder of Anna Robinson, daughter of a Brooklyn clergyman, on the outskirts of that city, some weeks ago. The young lady was strangled to death a short distance from her home, while returning from a party. Miller, who was known to have had a great deal to do with the girl, was arrested and held, but escaped while being taken from courting all. He was traced to this city, but has thus far eluded the detectives.

## The Next Cotton Crop.

[From the Memphis Commercial.]
It is to be feared that the short crop and consequent low price of cotton this year will have the effect to encourage the planting of a larger acreage for the next season. We have information from an intelligent and well-posted correspondent in Alabama that the sale of fertilizer tags and other indications point to a arge increase. This, in our opinion, would be very unwise and would most like y prove disastrous. We are not yet in condition to market a heavy crop of cotion at a good Best Schools, W B.
